

Family CI

The family of Elisha Jeffcott, born 1810 in Stockingford.

Introduction

Elisha Jeffcott, born 1810 in Stockingford, a ribbon weaver, and his wife Mary, née Wilson.

This is a new family tree. Discovered after the book's publication in 2000. It is quite small, there are no known J descendants and we have been unable to link it to another of our family trees. It is yet another from the Stockingford Circle, marked as SC on the website homepage.

Here we have a mystery, as there was a Charles Frederick Jeffcoat birth registered at the GRO in 1860, with the mother's maiden name shown as Wilson. However, the spelling of the surname and the location suggests that this is not the same family. Young Charles, according to parish records, was the illegitimate child of Elizabeth Russell, not Wilson, yet he was baptised in Nuneaton. One to solve!

See the parish register entry on the next page.
